CURRICULUM VITAE

EXECUTIVE SUMMARY

Award-winning Architect with 20 years of comprehensive experience in the full-phase delivery of large-scale commercial and mixed-use developments. As the Founder and Chief Architect of an independent practice for the past 15 years, I specialize in taking absolute ownership of complex architectural challenges, guiding projects seamlessly from strategic definition and conceptual massing through to rigorous construction documentation. My design philosophy balances Contemporary Minimalist Modernism with Soft Brutalist influences, consistently integrated with contextual biophilic principles to create enduring, high-performance built environments. Recognized by multiple national design competition victories and IAB(Institute of Architects Bangladesh) honors.

MOHAMMED EHSANUL ALAM
